Cool Powerpoint Animations

txt FX

This tutorial is more of a demonstration of what cool custom animation effects can be achieved just by using the standard powerpoint 2002 / XP / 2003 wipes. The ideas explored are great for:

- Impressing your boss and influencing people
- Exhibition stand graphics to attract visitors
- Conference openers (especially good with music)
- Conference breakout screens
- Divider or section headers in presentations
- General presentation ideas
- **FREE** Downloadable files available (see below)

Theory:

Theory? There is no theory to this tutorial, just our creative imagination!

Just download the sample file below, load the presentation into powerpoint 2002 / XP / 2003 and run the slideshow

Then if you like what you see just press the "Esc" key to stop the presentation. Go to a particular page and just see how we have done it. Then copy and paste the text into your own presentations.

To download the files for this tutorial right click the image below, then choose "Save target as" (IE), or "Save Link As" (Netscape).
